THREE WEEKS OFF
- - - - -

Everyone but Lee is given a vacation by the boss. Lee does his best to get the vacation by taking a fit, and by other methods. Finally through a doctor's order the boss gives him the much needed vacation. So Lee takes his family to the country.

There, where he should be resting for his health, he is raising the very devil in the hotel dancehall. In the midst of his actions the boss walks in. Then Lee goes into hysterics and tries to feign illness.

After much excitement the boss catches Lee and tells him calmly that he has just earned for himself another three week vacation, for forcing him to chase him, the chase having caused him to lose his rheumatic pains.
